Dear David,

As we are coming to the end of our academic year, I thought it an appropriate time to write and let you know how delighted we are with the new seating system. Since its first use in December 2010 it has impressed all who have seen and used it. It just adds that little something special to our new Performing Arts Centre. It still amazes me that we can have 380 seats collapse so neatly into such a small space and so quickly.

The pupils are happy that they are sitting on comfortable seats, the parents are pleased that they have great line of sight to see their children on stage and the staff love the flexibility it gives them in using the PAC with the system partially open, fully open, travelled etc. Our maintenance staff are also far happier now that they only have to flip the banks of chairs up and down, much simpler than having to move the equivalent number of stackable chairs in and out of the store room.

I would also like to thank you and your team for the professional manner in which our project was handled. From the initial enquiry, our regular phone conversations, the preparation of design layouts (and numerous alterations), right through to installation and handover, everyone we had dealings with were a credit to HusseySeatway.

With best wishes

Derek Boak
Bursar
